Re: Certificate of Approval #5807
F.P. Index#: 1803057A FPIMS#: 38081311

Dear Mr. Andrews:

By order of Fire Commissioner, Daniel A. Nigro, and pursuant to Section 112 of the New York City Fire Code, the following equipment or material may be acceptable for use provided the conditions outlined below are in full compliance.

Applicant:	Rosco Laboratories	Manufacturer: Turning Star, Inc
Product:	Flame Retardant	
Trade Name:	Roscoflamex DF	
Pertinent Code Sections:	New York City Fire Code Chapter 8 (including Section 801.8) New York City Fire Department Rules 3 RCNY Sections 805-01 and 805-02	
Prescribed Tests:	NFPA Standard 701-10	
Testing Laboratory:	Commercial Testing Company Test Report No: 17-04228 Issued on 04/08/2017 Test Report No: 17-04226 Issued on 04/08/2017	
Description:	Roscoflamex DF for Delicate Fabrics is a proprietary, non-durable flame retardant. It is effective for delicate fabrics/textiles: silk and lightweight polyester.	

Conditions of Approval:

1. Flame retardant treatment procedures, testing, certification and the use of flame-resistant materials shall comply with all applicable requirements of New York City Fire Code Chapter 8 and Fire

Department Rules 3 RCNY Sections 805-01 and 805-02. In addition, all applicable requirements of other applicable law, rules, and regulations shall be complied with.

2. The application of flame retardant shall be conducted by or under the supervision of a person holding a Fire Department Certificate of Fitness. You may call (718) 999-1990 or visit the Fire Department website for information on how to obtain a Certificate of Fitness.
3. The use of the above referenced flame retardant shall be limited to: silk and lightweight polyester. The method of application shall be by brush, dip or spray method. The formulation/chemical composition of the above referenced flame retardant shall be indicated in the application and shall not be changed in any way without prior written approval of the Fire Department.
4. The effectiveness of flame-resistant materials is significantly reduced when they are dry cleaned or washed. Flame-resistant materials that have been dry cleaned or washed shall be re-treated with flame retardant or removed from the premises. After the materials have been re-treated with flame retardant, the Certificate of Fitness holder must file a new affidavit with the Fire Commissioner.
5. When the materials have been accepted, they may be used on the premises for a period of up to three years or until the materials are washed, dry cleaned or otherwise rendered ineffective. This three years period is officially called the period of acceptance. After the period of acceptance has expired, the owner of the building may apply to renew acceptance. Acceptance will only be renewed after the materials have passed a new field flame test. Acceptance may be renewed for three years, after which time materials must be either be re-treated with flame-retardant or removed from the premises.
6. Certificate of Approval number shall be plainly and permanently stamped or otherwise fixed upon each product by the applicant. The dry cleaning and washing of flame-resistant materials treated with the above referenced flame retardant must be recorded by the owner of the building and made available to Fire Department inspectors upon request.
7. The Fire Department's conditions of approval shall be enumerated in the user manuals and sales brochures that will be provided to New York City buyers and users.
8. The Fire Department may withdraw this approval at any time in the event there is a reasonable doubt that the product does not operate or perform as required by code, the conditions of this approval or as represented in your application.
9. The Fire Department Certificate of Approval does not constitute an endorsement or recommendation of your product by the Fire Department, but is a certification that your product as represented meets the standards as of the date of issuance.
10. Any end user who fails to comply with the condition as outlined in this approval will be subject to enforcement action.

Any change in company name or ownership, product name, chemical composition or model number of any product included on this certificate must be immediately reported to this Department in writing.

Very truly yours,

Kam Chan, P.E.
